   One on one instruction
   Help from peers
   Self-instruction
   Learning from mistakes

15. If a friend asked me if he/she should take graphic design, what would you say? Why?
   It is an interesting class with cool projects, but the teacher is a perfectionist. So make sure you follow the rules she teaches you.
16. How can the class be improved?
Some projects needed more in-class time.

17. What did you like over the course of the semester?
I enjoyed all of the projects when they were complete. Some were just more time-consuming and frustrating.

18. What did you dislike during the semester? (don't worry, I won't be offended)
Class could get frustrating when my hand would be up for a while. But hey I am not your only student.

19. Would you consider taking another graphic design course in college? Why or why not?
Maybe. I honestly do not know.

20. What was your favorite project? Why?
I liked the project with the one word “Think.” It was fun thinking of a way to present it.

21. What was your least favorite project? Why?
I didn’t like the invent your own geometric shape. It just did not appeal to me.

22. If you could suggest a project that you would like to do in the future, what would it be?
(I’m looking for fresh ideas here!)
Sorry can’t think of one.

23. Write down one fond memory you have from this class.
Your stories to from high school and college were always funny.

24. Are you happy you ended up taking this class? What were the top three things you learned from GDI (they can be specific or general).
Yes. I’m glad I took this class. Its funny, I will see signs now and think oh that needs to be kerned. Or I now always see the arrows in FedEx. Also I now understand why Times New Roman is the standard font even though I think it is why is easier on the eyes while reading.

15. If a friend asked me if he/she should take graphic design, what would you say? Why?
   Of course... well, if you're interested in computer art.
16. How can the class be improved?

Better printer that works all the time.

17. What did you like over the course of the semester?

- I learned to appreciate posters, business cards, etc. because turns out, as a "graphic designer" we have to think about every tiny little thing we put in each project.

18. What did you dislike during the semester? (don't worry, I won't be offended)

- I didn't like when the printer didn't work or when the spray adhesive didn't work. It was crazy.

19. Would you consider taking another graphic design course in college? Why or why not?

I don't know... I remember when you told us that story about trying to get your project printed at Kinke's I stressing over something so simple = unhealthy for me.

20. What was your favorite project? Why?

Poster project; there was more freedom/less requirements.

21. What was your least favorite project? Why?

Cube and letter project; it was difficult and boring. The outcome wasn't worth the work.

22. If you could suggest a project that you would like to do in the future, what would it be
(I'm looking for fresh ideas here)

- make the kids render a classmate into Illustrator
  - that would be amusing.

23. Write down one fond memory you have from this class.

Cameron talking non-stop on his birthday.

24. Are you happy you ended up taking this class? What were the top three things you learned from GDI (they can be specific or general).

- typography
- rendering
- rules of design
